

WSDOT Construction Update for Snohomish County Highways

Edition 29, July 10, 2006

In this issue:

- Nighttime construction closures on Snohomish County highways, Know before you hit the road

Nighttime construction closures on Snohomish County highways, Know before you hit the road

Summer construction season continues in full swing. This week, Puget Sound drivers will see crews at work on new and ongoing projects in South Snohomish County. WSDOT reminds drivers to [know before you go](#).

I-5 between Everett and Lynnwood New Project Begins

Watch for [nighttime lane closures](#) this week on I-5 between 52nd Avenue West in Everett and State Route 526 in Lynnwood. WSDOT contractors begin [work on southbound I-5](#) Monday, July 10 and will close up to three lanes on Southbound I-5. Crews will repave 8.5 miles of I-5 including the Swamp Creek interchange. They'll also lay down a test section of quieter pavement in August when the weather is warmest. For the next several months expect more nighttime closures.

I-5 through Everett late night closures while crews continue to build

This week crews will [close](#) I-5 ramps to US 2 and the new Broadway exit at night as part of the continuing work on the I-5 Everett HOV and road widening project. WSDOT is [extending the high occupancy vehicle \(HOV\) lanes](#) to southbound and northbound I-5, between SR 526 and US 2 in Everett.

SR 9 at 228th and SR 524 intersections striping and signal work this week

Expect [slow downs at night this week on SR 9](#) at the 228th intersection Monday, July 10th and the SR 524 intersection Thursday, July 13 starting at 8 p.m. Crews will close one lane in each direction to restripe a turn lane and install a temporary signal system. This work is part of WSDOT's [efforts to widen State Route 9](#) between State Route 522 and Maltby Road (SR 524) near Woodinville, and add lanes in each direction to double the capacity of the highway.

SR 522 at the Fales/Echo Lake Road Interchange

Late night drivers will notice flaggers directing traffic on SR 522 at the Echo Lake Road and Fales Road intersection Monday, July 10 through Friday, July 14. Crews will [close](#) the east and westbound lanes of the highway while they remove barrier. A single lane in each direction will remain open to drivers during the work. WSDOT is [replacing the existing intersection at State Route 522 and Fales/Echo Lake Road](#), with a new interchange that includes a bridge with one lane in each direction.
